

PAYMENT SECURITY POLICY

Applied by SecondWear E-commerce Platform

1. Purpose of the policy

SecondWear is committed to ensuring that all customer payment transactions are secure, transparent, and meet the highest security standards. This policy outlines the measures we implement to protect your payment information from theft, leakage, or unauthorized use.

2. Accepted payment methods

We support the following payment methods:

- **Cash on Delivery (COD)**
 - **Bank transfer**
 - **E-wallets (Momo, ZaloPay, etc.)**
 - **Credit/Debit cards (Visa, MasterCard, etc.)**
-

3. Payment information security

- Customer payment data (card numbers, bank account info, e-wallet IDs...) **is not stored on SecondWear's system.**
 - All transactions are processed via **trusted third-party payment gateways**, certified with international standards such as **PCI-DSS**.
 - All data is encrypted using **SSL (Secure Socket Layer)** during transmission to ensure security.
-

4. Customer responsibilities

- Do not share your card or account information with anyone.
 - Ensure your device is free of viruses, keyloggers, or spyware when making payments.
 - Double-check your order and transaction details before confirming payment.
-

5. Handling payment issues

If you discover unauthorized transactions or are charged without clear reason, please contact our support team:

-  **Email:** trung142p@gmail.com

-  **Hotline:** 0778 157 629

We are committed to resolving all issues **within 3 business days** from the time we receive your request.

6. Updates and effectiveness

This policy takes effect from **July 21, 2025** and may be updated over time. All changes will be clearly posted on the website.
